

## MOTIVE:BODY

BODY AND PROP TRACKING

- One-click subject calibration—setup in seconds, not minutes.
- Precision finger tracking, even in large volumes with numerous subjects.
- Track more people than ever before, and with greater precision.

\$2,499

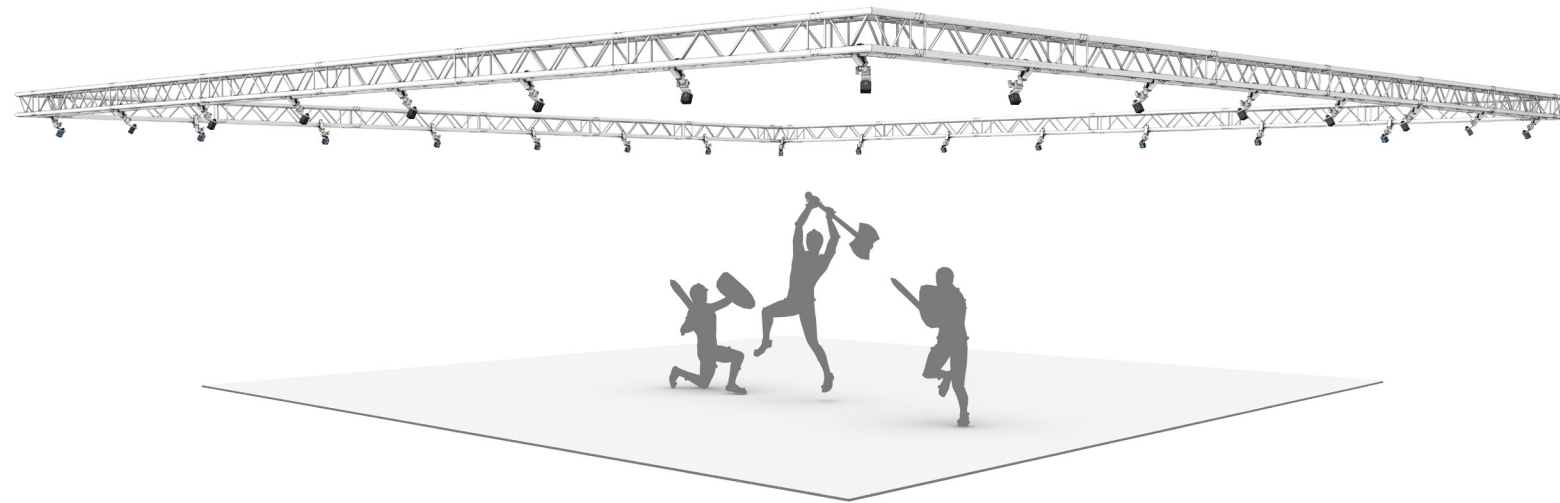

## MOTIVE:TRACKER

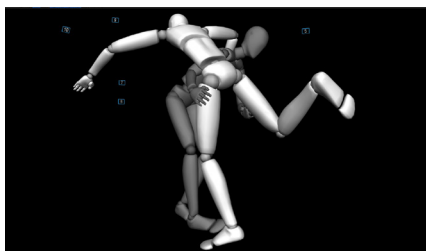

6 DOF OBJECT TRACKING

- Completely new rigid body engine—industry-leading 3D precision.
- Support for real-time & offline pipelines for markers, rigid bodies.
- Free, open developer tools for integrating data into any stage in the pipeline.

\$999

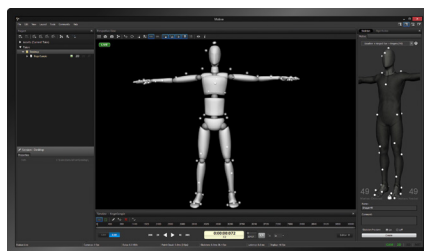

OptiTrack™

Kinematic Labeling

Seamless Integration

One-click Subject Calibration

## LEADING PERFORMANCE

OptiTrack is leading the industry in the specs that matter most in motion capture, including range to marker, 3D precision, and capture volume size.

## EASY TO USE

Enjoy the convenience of our Aim Assist technology for single-user setup, synchronized reference video with 3D data overlay, and our on camera health and activity indicator.

## VIRTUAL CAMERA SYSTEM

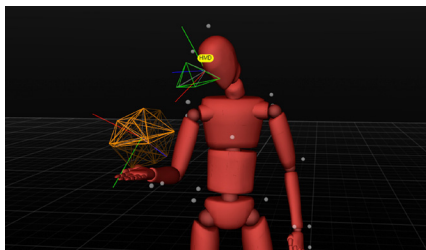

Expand your motion capture pipeline with the Insight VCS, a comprehensive virtual camera system for capturing and streaming live, real-world camera moves into MotionBuilder or Maya.

From \$4,999

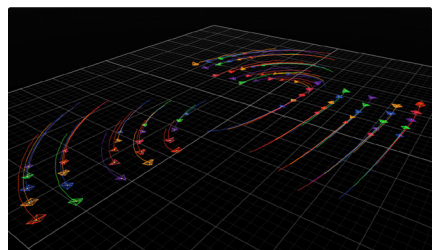

## FULL BODY SYSTEMS START AT:

- \$7.2k for Flex 3
- \$10k for Flex 13
- \$20k for Prime 13
- \$34k for Prime 17W
- \$53k for Prime 41

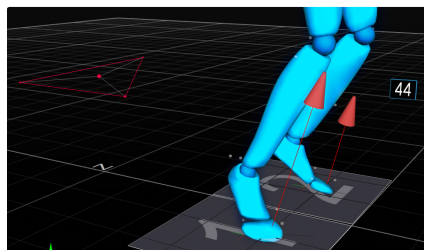

For complete system pricing, as well as all of the information you'll need to build your own mocap studio, please visit [optitrack.com](http://optitrack.com).
